DETAILED ACTION

Election/Restriction

Restriction is required under 35 U.S.C. § 121 and § 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 C.F.R. § 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

Group I is, claims 3-14 and 16-26, drawn to the method of increasing the surface tension.

Group II is, claims 5-26 and 29-32, drawn to the method of forming a test capillary.

The inventions listed as Group I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Claim 3 is obvious in view of references of record in previous office action accordingly the special technical features linking the two groups does not provide a contribution over the prior art and no single inventive concept exists.

The new claims submitted with RCE request fail to comply 35 U.S.C. 132(b) which states "Applicants cannot file an RCE to obtain continued examination on the basis of claims that are independent and distinct from the claims previously claimed and

Art Unit: 1742

examined as a matter of right (i.e., applicant cannot switch inventions). See 37 CFR §1.145. Any newly submitted claims that are directed to an invention that is independent and distinct from the invention previously claimed will be withdrawn from consideration and not entered. See subsection VI. below. An RCE is not the filing of a new application. Thus, the Office will not convert an RCE to a new application such as an application filed under 37 CFR 1.53(b) or a continued prosecution application (CPA) under 37 CFR 1.53(d)." See MPEP §706.07(h) [R-2] Request for Continued Examination (RCE).

The reply filed on April 12, 2005 is not fully responsive to the prior Office Action because of the reason set forth above. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

Applicant is reminded that when amendment and/or revision is required, applicant should therefore specifically point out the support for any amendments made to the disclosure. See 37 C.F.R. § 1.121 and 37 C.F.R. Part §41.37 (c)(1)(v).
